PROBLEMS AWAY

Since the last time I wrote in the programme we have won two matches, and lost one away at Stockport. I'm sure that the majority of fans will agree with me that the displays in both the home matches were good and of course the results were the right ones !!!

Our approach at Stockport was the same as the two home games, go out and win! Unfortunately at 9.15 p.m. it was once again dejection, we had lost once more away from home. Contrary to local newspaper reports the performance was certainly not as bad as has been suggested. No-one could be faulted for lack of

effort, but application could have been greater. This we all will agree

I'm sure that before long the players will be rewarded for all the hard work and you also (the loyal fans of Huddersfield Town), will have something to really shout about when visiting other grounds. This is one of my hopes and aims for the very near future.

New Arrivals: Bobby Campbell was my first signing. Ian Robins was my second and I'm sure that my second is going to be as popular as my first. Given time to settle in I'm certain that this player will show the full range of skills. He has a lot of ability and coupled with this is the will to succeed.

At the other end of the scale David Heptinstall has signed full professional after serving fifteen months as an apprentice and Paul Gibson, a local product, will be signing full professional this coming Monday. Both these lads begin a new life with all my best wishes and I'm sure that they can count on yours also.

Youth: As well as always being on the lookout to strengthen the senior squad of players I am aware of the fact that it is important to have a good squad of young players being developed at the club. These are the future, but patience is the keyword.

This afternoon I take great pleasure in welcoming the Wigan Manager, Ian McNeill, and all their players and officials, to Leeds Road, on this I think their first visit to Huddersfield for a League match. As everyone knows it is their first season in the Football League and I wish them a long and happy stay.

'The Latics'

Back Row: K. Smart, P. Houghton, N. Davids, G. Gay, J. Brown, F. Corrigan, N. Ward, J. Hinnigan, J. Wright.
Front Row: I. McNeill (Manager), A. Crompton, I. Seddon, T. Gore, I. Gillibrand, J. Wilkie, I. Purdie, K. Banks (Trainer).

After a sensational opening to their first season in League football when they put Third Division Tranmere out of the League Cup, Wigan stumbled uncertainly for a time, but they have now won three games out of the last five and appear to be coming to terms with life in Division Four.

They are thus justifying the opportunity of League football that was given to them at the 35th time of asking when they were finally elected this year to take the place of Southport. Formed in 1932 out of the ashes of Wigan Borough, who had dropped out of Division Three (North) in October, 1931, the new Wigan Athletic became members first of the Lancashire Combination and then of the Northern Premier League.

It was in the early 70's that they became really serious candidates for League status, their achievement in holding Manchester City to a single goal in an F.A. Cup-tie at Maine Road during GORDON MILNE'S time as Manager really shook the football world and in both 1970/1 and 1974/5 they ended up as Northern Premier League champions. Last season they finished as runners-up to Boston, but made more headlines by putting both York and Sheffield Wednesday out of the F.A. Cup before going out to Birmingham.

THIS SEASON

So far this season they have won at York and drawn at Hereford while at home they have beaten both Rochdale and Scunthorpe.

WELCOME TO

Now in his second spell as Manager, IAN McNEILL, a one time Leicester and Brighton player, has given every opportunity to last season's squad to make their mark in League football.

Top scorer so far is midfielder FRANK CORRIGAN, who came from Northwich Victoria last season after an earlier spell with Walsall. Defender TOMMY GORE (from Tranmere five years ago), last season's Player of the Season, has also snatched a couple of vital goals while strikers IAN PURDIE (a Scotland Under-23 international) and ALAN CROMPTON arrived in the close season from Motherwell and Sunderland respectively, now have competition from MICKEY MOSS, who has returned after a spell with Port Vale.

PETER HOUGHTON (from South Liverpool last season) is also in contention for one of the strikers' positions while in midfield skipper IAN GILLIBRAND (over 600 appearances after coming from Arsenal) and IAN SEDDON (ex-Bolton, Cambridge and Rochdale) bring a wealth of experience. JEFF WRIGHT (from Netherfield four seasons ago) is a useful goal poacher from midfield while in defence the strong men in the centre are Irishman NOEL WARD (from Aberdeen two years ago) and NEIL DAVIDS, signed in the close season from Swansea after earlier experience with Leeds and Norwich. On the flanks Tommy Gore and JOE HINNIGAN, another former South Liverpool man, provide both polish and adventure when going forward and behind them JOHN BROWN has been calm and reliable in some tricky games this season, his third at Springfield Park after earlier spells with Preston and Stockport.

HOT SPOT

GEORGE M. TYSON (Sunderland)

Commenced refereeing in 1965 and graduated to the Football League list via the Wearside Combination, Wearside League and Northern League. Refereed Northern League Cup Final 1976-77. He is Chairman of the Sunderland Referees' Society.

A married man, with two children, and is a Building Manager. Likes gardening and squash.

DIVISION SCENE

by CHRIS DRAKE

Huddersfield Town emerge as the "Jekyll and Hyde" team of the Fourth Division. Their split personality is portrayed by a contrasting home and away record. They remain one of only five clubs who can boast an unbeaten home record, yet along with Halifax, have yet to gain a single away point.

Although Grimsby's run was temporarily halted here at Leeds Road with a Brolly own goal and a penalty "blaster" from Bobby Campbell, they soon got back to winning ways against bottom of the table Rochdale. Two goals each by Brolly and Liddell, bringing both on the four-goal mark, have meant their team becoming joint top scorers with nineteen goals, together with Barnsley.

In contrast to these two high-scoring teams, Rochdale have managed only four League goals so far this season, three of which have been scored by Les Owen. The Lancashire side are the only club left in the Division who have yet to win a match, and crowds of under 1,000 at Spotland must surely be on the cards, if only as a protest against this goal-famine.

Our nearest neighbours, Halifax Town have, however, plummeted to such depths already in their home game against Crewe last Saturday. They became the first side to "attract" a gate of under four figures. As with our opening match against Crewe, the 985 spectators who turned up at the Shay on that wet and miserable afternoon, witnessed a dour goalless draw. Even so, this ended a sequence of seven defeats on the trot, but it is only the beginning of many problems that need solving by player-manager Jimmy Lawson.

The team to have recovered from a mediocre start are certainly A.F.C. Bournemouth. Having taken only three points from their first five games, they have quadrupled this total in their next five games. Their revival began with the 2-0 defeat of the Terriers at Dean Court, and manager John Benson must be pleased that his close season signings of Mick Butler from Town and Steve Massey from Stockport are beginning to reap rewards. Butler has scored in his last four games whilst Massey has moved his tally on to three.

The last few weeks have been good ones for our visitors today, Wigan Athletic. Having "broken the ice" with their first ever League win at home to Rochdale, they have quickly settled down and followed this up with two more victories. The away win at York was a creditable one for the newcomers as was their home defeat

of Scunthorpe last weekend, in which American import Derek Brownbill, on a month's trial, scored the only goal of the game.

Former Manchester City star, Mike Summerbee, now player-manager of Stockport County, has the best twin-strikers in the League. Leading scorer Stuart Lee on seven goals is joined by Les, Bradd, whose two goals against Town brought his personal tally to five. Summerbee must be well pleased that he managed to persuade Bradd to join the Edgeley Park club from Second Division Notts. County for a reported fee of £15,000. It is heartening to see also that here is another manager who is keen to stamp out football hooliganism. His article in the programme expressed a wish for football to become a sport which can be enjoyed by the whole family, and this is a good sentiment on which to finish.

NEWS DESK

From the Editor

SATURDAY NIGHT FEVER

We don't know why or how he caught it as the source of the virus remains unknown, but he most certainly is seriously afflicted by it. You may ask me "who is HE?" and "what is IT?" The answers to the questions are "Martin Hardy" and "knock-Townitis" respectively. After having read with concern Martin's two articles, "Leeds Road look-in" and his Stockport v Town match report in last Saturday evening's Huddersfield Examiner one wonders at his motives.

His match report, and I use the phrase loosely as it seldom refers to the happenings on the field of play beyond giving the names of the goal scorers, the goal times, and the match result, is full of only KNOCK, KNOCK, KNOCK. He omits to mention, as most of the National Press reported, that this was considered the best game seen at Edgley Park this season. It took two teams to achieve that. He fails to report that, allowing for certain accepted shortcomings, the Town team showed a liberal amount of skill and spirit, and gave 100% effort for the full 90 minutes.

The Stockport goals were all scored, and taken well I might add, on the break, when Town were going forward. Town matched Stockport in the creation of chances, and sustained a number of periods of intense pressure, causing County's defence to wilt. The Stockport keeper made many excellent saves, and a great header by Bobby Campbell rocked the crossbar.

None of this is mentioned in Martin's article. One wonders if perhaps he got lost on his way to Stockport and didn't see the match at all. This also may be why he had to rely on two Town supporters to select Bobby Campbell as "man of the match." He suggests that Town's first half penalty goal, and I quote, "did little to lift the hopes of the hundreds of Town fans who crossed the Pennines, and soon wished they hadn't." Busy Bee Martin must have been round and asked them all, as it certainly wasn't apparent.

Possibly Mr. Hardy has misinterpreted the Huddersfield Examiner's recent decision not to publish the day's sports results in their Saturday evening's edition as meaning "NO MATCH REPORT AT ALL." Perhaps it's just as well as the Examiner seemed to be the only paper "in step" when reporting the Stockport match.

Referring to Martin's "Leeds Road Look-in" published in the same Examiner edition, he discussed a number of matters which for the first time appear to cross the fine line beyond which a journalist ought not to tread. To go into detail would take more space than Town's programme will allow, however, those of you who read the article will be aware of the items to which I refer. Quite possibly Martin will not himself read this article as he may be too busy looking at the front cover of today's programme.

It has been said in many quarters that press articles of the nature to which I refer have been a contributory factor in recent years to Town's decline of fortune.

WHO KNOWS?

HONLEY MAJORETTES

Continuing Town's policy of encouragement to organisations which in some way provide enjoyment for youngsters coupled with that little bit of discipline, I ask you to welcome to Leeds Road this afternoon HONLEY DRUM MAJORETTES. This group was formed in February, last year, and on a full turnout boasts 60 children aged between 6 and 16 years of age.

Following a successful summer season of full bookings the group is now touring football grounds in an effort to raise sufficient money to provide instruments for more children who wish to join the band. They are to give a 20-minute display before today's match and again at half-time.

I extend a warm welcome to these youngsters and I hope that you will give them your full support.

SCHOOLS CUP TIE

Next week, following Town's Central League match against Stoke City, an English Schools' second round Cup-tie will take place at Leeds Road. This is at 'under 15' level and is between Huddersfield and Barnsley. The country is split into 15 areas from which 32 teams emerge to form two sections, North and South, each comprising of 16 teams. Huddersfield and Barnsley are in area 3 (Yorkshire) and 4 teams only from this group go forward into the above 32.

In last year's competition Huddersfield beat Rotherham (0-0, 3-0) in round two but lost 3-1 to Leeds in the third round. Barnsley similarly suffered a third round defeat 2-1 at the hands of Middlesbrough, having disposed of York 5-0 in round 2.

Both teams this season were fortunate enough to receive first round byes. The winners next Saturday afternoon will be at home in the next round to either York or Keighley. Why not watch Town Reserves against Stoke City and stay on to support Huddersfield's YOUNGSTERS through to the third round. Two matches for the price of one.

PLAY THE WHISTLE

To the veteran fan, it is not a difficult task to list the bizarre circumstances of many of the goals scored both for and against Town down the years. There can be little doubt that the background to our solitary success over at Stockport must be added to the collection.

In the early stages of this game I had noted with some pleasure that the official in charge, unlike so many of his present day colleagues, was not over inclined to regard challenge or even physical contact with the keeper an offence automatically calling for a freekick award. On the occasion in question I would agree that Campbell's challenge on the goalkeeper was not entirely gentle while emphasising it did not infringe in any way the rules of the game.

At all events there was no whistle and Rutter, a County fullback, had certainly no reason to assume that play had been halted. Once the ball was firmly grasped in his hands, however, the whistle blast was swift, and it must be one of my memories of the season to recall the look on Rutter's face as he fully appreciated the unwelcome turn of events and his entire responsibility for the award. The temptation to quote that venerable but ever relevant rule for any game — always play to the whistle — is irresistible for this incident emphasised it so splendidly, it almost made one doubt one's eyesight to see it so blatantly ignored by a professional player.

But the evening had some other aspects of interest, for if sadly Town went down to their fifth successive away defeat of the season still there was sufficient in their play to encourage hope for the future, and, let it be emphasised, this was a match of interest with the standards of play from BOTH sides frequently reaching a high level despite the fearful conditions.

In one sense, the contrast between our opponents, last week and this, could hardly be more complete for Stockport were already members of the Second Division when Town, on gaining admission to the Football League, joined them in the section back in 1910. Wigan Athletic in contrast will today be making their very first trip to Leeds Road as League members.

There was a solitary cup-tie meeting between the sides just over five years ago, Town gaining a relatively comfortable 2-0 victory. Gray remains as the solitary member of the present Town side who appeared on that occasion.

Our visitors have been engaged over many years in a long hard struggle in their efforts to achieve their cherished goal of League Membership, consistently their Northern Premier League record has been outstanding. Of the justice of their claim there can be but little doubt though it has to be said that in a County such as Lancashire, so densely populated in a Football League sense, their admission must present a challenge, nay even a threat, to neighbours whose League membership is of much longer standing. It is perhaps significant that it was fellow Lancastrians, Southport, who had to make way for the new arrivals.

It will be most interesting this afternoon to size up the newcomers, make some estimates as to their strength, and their prospects of quickly establishing a firm foothold in their new surroundings. The pattern of progress of several clubs admitted to League membership in recent years has been praiseworthy, even dramatic, and such success stories provide a worthy target for any newcomer. This afternoon will enable us to form some preliminary estimates as to Wigan's chances of adding their name to the small and exclusive list of newcomers to League membership who have at once made their mark and swiftly gained promotion.

SUPPORTERS' CLUB

Sponsorships by the Supporters' Club

Goal Scorers — Paul Bielby 3, Ian Holmes 2, Keith Hanvey 2.

Man of the Match Awards — Bobby Campbell 3, Ian Holmes 2.

Welcome, Supporters of Wigan Athletic, to Leeds Road for your first ever League match. We all remember Wigan coming in the F.A. Cup a few years ago when Bob Newton (now with Hartlepool) scored two cracking goals in our win. Wigan have not found it quite as easy as they thought it would be, but I feel sure when they find what it's all about they will do well, after today, of course.

Many thanks to John Tracey, who came along and chaired our Open Quiz Night this week. The team, consisting of Mrs. Brown, Mrs. Zientek, Marcus Zientek and Chris Patzelt, won by three points.

Forthcoming Attraction

Wednesday, 25th October — Donkey Derby in the President's Lounge, Leeds Road, by kind permission of the President's Club Committee. 7-30 p.m. for first race 8-00 p.m. I have some tickets available on a limited basis.

Coaches to Away Games

Sat., Oct. 14th — Newport, 8-30, £4.00

Sat., Oct. 28th — Bradford, 1-45, 60p

Sat., Nov. 11th — Reading, 8-30, £3.75

THE IMPOSSIBLE HAPPENED

December 21st, 1957, was the day when Town got their names in the record books as the only team in Football League history to score six goals and still lose. The scoreline read: Charlton Athletic 7, Huddersfield Town 6.

The game also underlined the fact that in pre-substitute days it was often more difficult to play against ten men than against eleven.

A routine sort of Second Division game seemed to be swinging our way when home centre-half Derek Ufton had to leave the field after a quarter of an hour with a broken collar bone and by half-time we had moved into a two-goal lead through Les Massie and Alec Bain.

Within seven minutes of the start of the second half we led 5-1 with Bain getting another and Stan Howard also finding the net while Bill McGarry converted a penalty. The fact that home winger Johnny Summers had by this time reduced the arrears seemed almost irrelevant, but the

crowd came to life as shortly afterwards he got another and then laid on a third for John Ryan.

The score was still 5-3 to us, however, with 15 minutes left. It was at this stage that the drama reached its height. Incredibly Johnny Summers got two more in the next ten minutes and the scores were level. Two minutes to go and he got another. It seemed impossible that we could now prevent a fairy-tale ending for Charlton, but Bob Ledger now caught the home defence on the hop to equalise at 6-6.

Maybe this would have been the fairest result, but in one last surge Summers burst through again, laid the ball off to John Ryan steaming up beside him and the Charlton striker hammered it home to end one of the most incredible League games ever seen in English Football.

Three years later Johnny Summers again got five in a game for Charlton, this time against Portsmouth, but tragically he died two years later from cancer. He will never be forgotten by the 12,000 at The Valley on that December day when the teams were:

CHARLTON: Duff, Edwards, Townsend, Hewie, Ufton, Kiernan, White, Lucas, Ryan, Leary, Spummers.

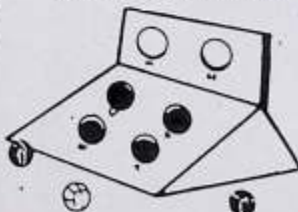

HUDDERSFIELD TOWN: Kennon, Conwell, Wilson, Taylor, Connor, McGarry, Ledger, Howard, Bain, Massie, Simpson.
